To be certified by US mail office on 9/13/02
certified (certainly)

Petition for Revival of an Application Abandoned Unavoidably under 37 CFR 1.137(a) filed by a Pro se Applicant(s)

Applicant(s) hereby petitions for revival of the above-identified application.

Adequate Showing of the Cause of Unavoidable Delay:

A reply to the Office action (or notice) was deposited with the United States Postal Service (or if mailed from outside of the United States, with another mail service) on 9/19/01, at least one week prior to the expiration of the reply period. The reply was received in the USPTO but was untimely due to unforeseeable mail delays. The reply would have been timely and normally received in the USPTO between October 13, 2001 and January 2, 2002, but for the mail delay. The applicant is prosecuting the application without assistance of a registered practitioner.

The reply was received by the USPTO on a subsequent mailing on 4/23/02 in response to a letter mailed from this office on 3/26/02 indicating that applicant's response was not received by this office.

Payment of petition fee:

(\$110 or \$55 if applicant(s) has established entitlement to small entity status)

- ☐ Authorization to charge the petition fee to a credit card (e.g., a completed form PTO-2038) is enclosed herewith.
- ☐ The Commissioner is hereby authorized to charge the petition fee to Deposit Account No. _____
- ☒ Check in the amount of \$ 55 Cash is enclosed.

PETITIONS OFFICE

Att. Mr. Thomas E. Denion
Supervisory Patent Examiner
Technology Center 3700

& Att. Mr. Paul A. Bell
PCT Special Programs Examiner
USPTO, PCT Special Programs Branch

Dear Sir(s),

In respect to your position(s) and USPTO, PCT Help Desk and PCT programs to solve any confusion, I would like to draw the attention and declare this expected matter as it - maybe - a reason for the delay in sending a reply from the Petitions Office, hopefully I could get your comprehensive assistance to correct a confusion. It is the waver USPTO Petition for Revival of an application abandoned Unavoidably. This waver (under 37 CFR 1.37) consisting Paragraph for certificate of mailing or transmission, as it has been deposited with US Postal Service on the date shown etc. to USPTO commissioner for patents (top right hand rectangular on this waver).

As shown, this waver should be certified by US postal agent - obviously- that who had received the postal surcharge from the applicant when sending the envelope with provided proofs. This is normally done for a destination under USA Postal Service.

But how about using this Paragraph for postal service outside USA .. ?

An application from Switzerland was sent to USPTO as PCT application, and for an extra ordinary reason its action reply was (unforeseeable) lost in USA however it was received officially by US Postal Service from the Swiss Postal Service as this has been proved officially by the recent sent documents on this application file.

This is PCT application action reply that came from outside US and has lost in USA. I think this Paragraph as it is drawn in this mentioned waver, could not be workable outside USA destinations since the Non-American postal services depending on their official ways to certify a registered envelope and its delivery to US Post as addressed. The revival procedure considering USPTO regulations depending on USA mail for certificate this Paragraph, but in this case, it could cause -maybe- a pit of confusion for some bodies in Petitions Office and more even for US post to certificate the lost.

I would like to call your comprehensive dealing with PCT foreigner applications as entering USP office, to help in such a situation of mail lost and how the foreigner official postal mail certified the delivery to US post is a legitimate determination.

It is necessary to have assistance of PCT help desk and your position to declare this matter to the Petitions Office since it may depend on said waver which still used to be valid only inside USA territories but certainly this Paragraph needs to be suitable to deal with PCT international applications under the new (Globalization) principles.

I would like to suggest here - by your way - to USPTO in adding a declaration on this waver mail Paragraph to consider PCT foreigner application and its official regional postal service legitimate certificate of a correspondence if has been lost in USA Post.

Aiming from this declaration to prevent any confusion or delay on such a case.

Thank you with my appreciation ... I remain sincerely

Best regards

Yours Truly

Shirwan Al Pasha Al Bahdaint

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

3. Terminal disclaimer with disclaimer fee

- ☐ Since this utility/plant application was filed on or after June 8, 1995, no terminal disclaimer is required.
- ☐ A terminal disclaimer (and disclaimer fee (37 CFR 1.20(d)) of \$ _____ for a small entity or \$ _____ for other than a small entity) disclaiming the required period of time is enclosed herewith (see PTO/SB/83).

4. STATEMENT: The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. [NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D))].

WARNING: Information on this form may become public. Credit card information should not be included on this form. Provide credit card information and authorization on PTO-2038.

label, returned postcard receipt, and official notation entered by the USPS. The Office may require additional evidence to determine if the correspondence as deposited as "Express Mail" with the USPS on the date in question.

FAX RECEIVED

SEP 20 2002

The Office also has a well established and well publicized practice of providing a receipt for papers filed in the Office to any applicant desiring a receipt. The practice requires that any paper for which a receipt is desired be filed in the Office with a self-addressed postcard identifying the paper. A postcard receipt which itemizes and properly identifies the papers which are being filed serves as *prima facie* evidence of receipt in the Office of all the items listed thereon on the date stamped thereon by the Office. A postcard receipt will not serve as *prima facie* evidence of receipt of any item not adequately itemized on the postcard. In addition, the mere incorporation by reference in the postcard receipt of the items listed in a transmittal letter will not serve as *prima facie* evidence of receipt of those items. See, MPEP 503.

PETITIONS OFFICE

Petitioner has provided no evidence that the response to the non-final Office action was filed in accordance with the provisions discussed above, i.e., 37 CFR 1.8 (certificate of mailing) or 37 CFR 1.10 (USPS Express Mail). Nor has petitioner provided a copy of a return postcard acknowledging Office receipt of the declaration. Accordingly, it can only be concluded that the declaration was not timely filed.

P!
←

As a "reasonably prudent person" would file papers or fees in compliance with 37 CFR 1.8 or 1.10 to ensure their timely filing in the USPTO, as well as preserve adequate evidence of such filing, a delay caused by an applicant's failure to file papers or fees in compliance with 37 CFR 1.8 and 1.10 does not constitute "unavoidable" delay within the meaning of 37 CFR 1.137(a). See, Krahn v. Commissioner, 15 USPQ2d 1823, 1824 (E.D. Va 1990).

Any renewed petition must be accompanied by evidence to establish that the response to the non-final Office action was timely mailed to the Office by means of USPS First Class mail or USPS Express Mail, or petitioner is required to supply a copy of a return postcard date-stamped by the Office acknowledging receipt of the response to the non-final Office action.

available

ALTERNATE VENUE

It was USPS mistake that it did not take the normal date stamp

Petitioner is strongly urged to file a petition stating that the delay was unintentional. Petitioner's attention is directed to 37 CFR 1.137(b) which provides for the revival of an "unintentionally" abandoned application without a showing that the

Notice of Untimely Reply and
Instructions to File a Petition to Revive an Abandoned Application
For Pro Se Applicants

FAX RECEIVED

SEP 20 2002

PETITIONS OFFICE

This letter is to notify applicant(s) that the reply to the prior Office communication mailed 4/15/02 is not timely filed in the above-identified application. Since the reply was filed without the benefit of 37 CFR 1.8 and 1.10, the certificate of mailing and "Express Mail" provisions, the reply is untimely because it was received by the Office after the expiration of the statutory period for reply set in the prior Office communication. The Office does not have the authority to treat such reply as timely. Accordingly, the above-identified application is abandoned. The reply has been placed in application file wrapper, but it has not been formally entered. Applicant is advised that the abandonment of this application may only be overcome by filing a petition to revive under 37 CFR 1.137. A petition to revive may be appropriate if applicant's failure to reply was either unavoidable or unintentional. The purported first reply to the outstanding office action mailed from Switzerland on 9/19/01 has not been received by this office.

USPTO
Witnessing the facts

In view of the circumstances related to the unforeseeable mail delays caused by anthrax decontamination at the United States Postal Service (USPS) sorting station in Washington, D.C. between October 13, 2001 and January 2, 2002, and the fact that the reply would have been timely received if the delivery of the reply was not delayed by the USPS, applicant may petition to revive the above-identified application on the grounds that the failure to reply was unavoidable under 37 CFR 1.137(a). Such petition should be filed promptly within two months from the mail date of this letter. Applicant may complete the form enclosed with this letter and submit it with the appropriate petition fee to the Office of Petitions by facsimile at (703) 308-6916 or by mail at the address provided on the form.

Applicant is strongly encouraged to file any future correspondence with a certificate of mailing or transmission (form SB-92, a copy attached) in accordance with 37 CFR 1.8, in order for the correspondence to be considered timely based on the date of mailing (the date on the certificate of mailing), instead of the date of receipt, to avoid untimeliness caused by mail delays. After the application has been revived, applicant may also file any reply in the above-identified application by facsimile to the Technology Center at (703) [xxx-xxxx].

FAX RECEIVED

SEP 20 2002

Dear Sir,

PETITIONS OFFICE

1/.

Would you please recommend to check the arrival of my reply on your 1st action

which was mailed registered on 19-Sep. to USPTO as it would be shown.

Since this letter will normally take six days to reach your office, but regarding to the recent circumstances, a probable delay in the mail may occur in your region which needs to be considered.

2/.

Please find 3 documents to accompany the material of this mentioned letter :

A- Form (PTO 948) to amend the drawings as according to, which have been done.

B- Certificate in 2 letters from a well known US company to assure receiving of the fundamental legends of this application legally, as it may be a choice for the matter of affidavits to be issued directly by your authorisation (using the recent edition).

Thank you with best regards

Yours truly

Shirwan AL PASHA AL BAHDAINI
